

Engineers for a Sustainable World
2013 Great Lakes Regional Conference
Rustbelt Sustainability | Nov 1-3 | University of Pittsburgh

Call for Speakers

We are interested in enthusiastic and engaging speakers to give presentations on projects within the 'rustbelt' region, on any of the following themes:

- Infrastructure and transportation
- Agriculture
- Energy and water usage or efficiency
- Urban planning and community development
- Leadership and organization

If interested in speaking please send a one-page abstract less than 500 words either through www.eswpittregconf.weebly.com mkw20@pitt.edu. The committee will review all abstracts and notify applicants within one week after submission if they have been accepted to present or not. Abstracts submitted before October 15, 2013 will be given priority in review.

For questions please contact:

Matt Weschler | Conference Chair | 2013 Regional Conference
